

DISTRICT 6 – ACREAGE AREA PROJECTS

SR 7 Extension - FDOT

- The construction contract was bid and awarded by the FDOT, however the construction is currently on hold pending a new court hearing regarding the City of West Palm Beach's challenges to the permits issued for the project.

CURRENT DESIGN AND CONSTRUCTION PROJECTS

Seminole Pratt Whitney Rd., Orange Blvd. to S. of Northlake Blvd.

Northlake Blvd./Seminole Pratt Whitney Rd. Intersection

Northlake Blvd., E. of Seminole Pratt Whitney Rd. to East of Hall Blvd.

- These projects will widen 3.8 miles of both Seminole Pratt Whitney Road and Northlake Blvd to 4-lane divided roadways, including drainage, bike lanes and sidewalks.
- Design and permitting are almost complete, and right-of-way acquisition is ongoing.
- Construction funded for current FY 2019, construction to begin in early 2020
- The estimated construction cost of all 3 projects is \$24.2 million

Northlake Blvd., E. of Hall Blvd. to Coconut Blvd.

- This project will widen 2.4 miles of Northlake Blvd to a 4-lane divided roadway, including drainage, bike lanes and sidewalks
- Project includes coordination with the developer of Avenir to tie into the section of Northlake Blvd being widened by the developer
- Design, permitting and right-of-way acquisition are ongoing.
- Construction funding is programmed in FY 2020 and 2021
- The estimated construction cost is \$9.2 million

Northlake Blvd from Coconut Blvd to SR 7 Extension – AVENIR Development

- The Avenir project will widen 2.4 miles of Northlake Blvd to a 6-lane divided roadway in 3 phases
- Phase 1 is Avenir's East Entrance located approximately 2,850 ft. east of Coconut Blvd. and expect to complete work within the next year
- Phase 2 is from Avenir's East Entrance to SR 7 – construction not yet scheduled

- Phase 3 is from Coconut Blvd. to Avenir's East Entrance – construction not yet scheduled

Royal Palm Beach Blvd., from the M-Canal to south of Orange Blvd

- This project will widen 1 mile of RPB Blvd to a 5-lane undivided roadway section. The project will include the addition of 2 thru lanes, a continuous center turn lane, drainage improvements, and sidewalks
- Design, permitting and right-of-way acquisition are in progress
- Construction is scheduled to begin in FY 2020
- The estimated construction cost is \$5.5 million.

Royal Palm Beach Blvd and Okeechobee Blvd Intersection Improvement

- This project will add a 3rd southbound left
- Construction is planned for FY 2020, with an estimated cost of \$200K

FUTURE DESIGN AND CONSTRUCTION PROJECTS

60th Street N from Avocado Blvd to east of 120th Avenue North

- This project will widen 1.6 miles of 60th St N from its existing unpaved 2-lane roadway to a 3-lane paved roadway, one lane in each direction and a continuous center left turn, and includes the addition of drainage and a sidewalk
- Design is underway; permitting and right-of-way acquisition have not yet begun.
- Construction slated for FY 2022, estimated cost of \$7 million

60th Street N from west of 140th Avenue North to Avocado Blvd Study

- This project will study the right-of-way impacts of the future widening of this section of 60th St N
- The study is not slated to begin until FY 2020
- Neither design nor construction funding is programmed at this time

Coconut Boulevard from south of 78th Place to south of Northlake Blvd.

- This project will widen 1.3 miles of Coconut Blvd from its existing 2-lane roadway to a 5-lane roadway. The project will include the addition of drainage and sidewalks.
- Design contract under negotiation with engineering consultant

- Construction is slated for FY 2023, preliminary estimated cost of \$5.1 million

Royal Palm Beach Blvd., from Persimmon Blvd to the M-Canal

- This project will widen 1.1 miles of RPB Blvd to a 5-lane undivided roadway section. The project will include the addition of 2 thru lanes, a continuous center turn lane, drainage improvements, sidewalks, and widening of the bridge over the M-Canal
- Design is slated to begin later this year
- Construction is not yet funded in the Five Year Road Program

Royal Palm Beach Blvd/Orange Blvd/Coconut Blvd from south of 68th St N to s of 77th Place N

- Widen 1.6 miles of existing 2-lanes to 5-lane undivided roadways to add 2 thru lanes, continuous center turn lane, drainage improvements, and sidewalks
- Engineering consultant selection for design of the project is slated for late 2019
- Construction is not yet funded in the Five Year Road Program
